Personalized Care and Services

We provide the high touch care you expect for your patient's specialty medications in a local, retail setting!

We can help with any specialty products for:

Cardiology • Gastroenterology • Dermatology • Multiple Sclerosis
Hepatitis C Virus • Osteoporosis • Rheumatology • Oncology

You send:

- Enrollment form to us by fax at 844.673.2244
- Provide a prescription to the patient to take to any of our convenient locations
- e-scribe

We coordinate:

- Benefits investigation
- Copay assistance cards
- Prior Authorizations
- Foundation application assistance
- Appeals
- Manufacturer support programs

We provide communication with your office and the patient on prescription status

Patient gets...

...local, specialized care.

- Access to pharmacist for urgent needs, questions, or medication management
- Personal one-on-one injection training from a pharmacist
- Refill reminder calls for patient compliance
- Choice of pick up at local pharmacy, delivery to patient's home or to your office
- One pharmacy for all of patient's medications and pharmacy needs

Local. Personal. Our specialty is you.
